

Providing Financial Assurances for 2023 entry

Independent Students

Undertaking theological training is a significant decision and the consequent implications for funding your training will require thought, planning and prayer, particularly if you will be a self-funding student. Our experience shows that none of those who have made the firm decision to undertake theological training and have committed to fundraising have been unable to come to Oak Hill purely for financial reasons.

If you decide to apply to train at Oak Hill College, as part of the Admissions process we will ask you to demonstrate appropriate planning for the funding of your studies. We won't require you to have all your funds in place before you start, but we would like to see evidence of sufficient financial planning, including both actual and pledged funds, so that when you get here you can focus on your training and are not faced with the possibility of being unable to pay your fees or rent. We realise that students will continue to fundraise for subsequent years once they are at College, so the focus of the evidence we ask for during the Admissions process is for your first year of training. Financial assurances will be sought for each subsequent year once you are at Oak Hill. Please see below for a more detailed explanation of the process and details of how applying for a College bursary fits into the process.

Setting a budget

If you are planning on studying full time, then we will be keen to see that you have funding in place to cover not just the fees that are payable to college, but also your living expenses, including accommodation. We strongly encourage you to work out your own budget prayerfully, as any budget will vary from person to person according to their different circumstances and commitments. Please contact the Admissions Office if you would like an expenditure budgeting template emailed to you.

Guidelines for approximate annual budgets are given below – these figures include college fees, College-owned accommodation and general living expenses.

| | Approximate range for total annual budget |
|---|--|
| Single student | £21,000 - £26,000 |
| Married couple with no children (one person studying) | £29,000 - £35,000 |
| Married couple with children (one person studying) | £33,000 - £39,000 |

If you are planning on studying part time, we will be keen to see that you have funding in place to cover fees only.

Raising financial support

Please visit the [raising financial support](#) page on our website for guidance about fundraising. It includes some case studies from current students and well as information about the College Bursary Fund and the three different types of bursary that may be applied for: Access, Partnership and Closing the Gap. If you're eligible for an Access Bursary or Partnership Bursary, you would apply for that once you have accepted the offer of a place at Oak Hill. If you would like to apply for one of the Closing the Gap

Bursaries, this application would be submitted after you have enrolled as a student at Oak Hill. Please see the College website for more information about each of these bursaries:

Financial Assurances Process

Stage 1: Application Form

- At application stage, we will ask if there is anything you would like to let us know about how you plan to fund your studies.

Stage 2: Interview Day

- During an interview day, all applicants will have an individual conversation with a member of the Admissions Office. As part of this conversation we will ask you for an indication of how you will fund your training. If you have any particular questions about fundraising, College bursaries or the financial assurances process, you can ask these during your interview day.

Stage 3: Offer of a place

- Any offer of a place to study at Oak Hill will be conditional on your satisfactorily completing and returning a Financial Assurances Form which then needs to be signed off by us. Please find attached a sample copy – the actual form for completion will be provided at offer stage.
- Please contact the Admissions Office if you would like an expenditure budgeting template emailed to you.

Stage 4: Financial Assurances Form

- This is the means by which you show us your funding and financial planning in as much detail as required. Please look at the attached sample Financial Assurances Form so that you will see the level of detail required.
- When you return the form and relevant additional documents to our Admissions Office, they will be reviewed by the Director of Operations and Finance. If any more information is required at this stage we will let you know.
- All financial information is kept confidential to the Admissions Office and the Finance Office.

Stage 5: Assured Place

- Once we are happy with the information you have provided, we will sign off your Financial Assurances Form and confirm that this condition of the offer has been satisfied.
- Assuming that all other conditions of the offer have also been satisfied, we will then confirm that you have an Assured Place.

Stage 6: Next steps

- Once you have an Assured Place, you may be considered for the allocation of College-owned accommodation, if you have applied for it at the stage of accepting the offer of a place. Please see the separate accommodation information sheet for further details.

Please note that if your circumstances change at any point, we ask that you let us know as soon as possible so that we can help you where appropriate.

Financial Assurances Form for the 2023/24 Academic Year

New Students: Independents

The purpose of this form is to show us how you plan to fund the first year of your studies. We are keen to see sufficient evidence so that, should you start training here, you will be able to focus on your studies rather than be engaged in extensive fundraising activities. We therefore ask to see that you can cover the following budget:

- Full time students: fees and all living expenses
- Part time students: fees only

Please attach to this form supporting documentation for each source of confirmed support you list and return the completed form to the Admissions Office. Upon receipt of your form and accompanying information, we may ask for further details.

We recommend that you keep a copy of the completed form to assist with your own fundraising. This is particularly important if you wish to apply for a Closing the Gap Bursary once you have enrolled as a student as you will need to attach a copy of this form with your application.
