## 10. Aims of the Programme

The educational and formational aims of the programme have been designed with a view to the complex cultural contexts in which Christian ministry must take place and the kinds of people needed for a variety of ministry roles, particularly their character, competencies, knowledge and wisdom.

### Character

The aim of this programme is to cultivate in students a growing love for and knowledge of the Triune God; a growing love for Jesus Christ and his Gospel message; a growing love for Christ's church; a growing concern for all kinds of people; and a growing concern for personal holiness. Therefore the programme aims for:

- (1) Its *curriculum*, cumulatively and at every point, to guide students into greater Christian maturity through a deeper knowledge of self, Scripture, and God;
- (2) Its *pedagogy* to engage the student personally in a posture of prayerfulness, humility, teachability and others-centredness and to habitually move from theology to doxology;
- (3) Its *assessment* to cultivate intellectual virtues of charitable and critical engagement, a growing resilience and a confident and creative delight in applying one's learning to new issues and problems.

### Competencies

The aim of this programme is to equip students for effectiveness in many of the complex responsibilities of leadership in Christian ministry. Therefore the programme aims for:

- (1) Its *curriculum* to offer a structured route towards effective and sustainable Christian ministry (e.g., applying theology and leadership of Pastoral Epistles to contemporary ministry scenarios);
- (2) Its *pedagogy* to engage the student by means of active learning (e.g., work-based, problem-based and case-based approaches) that cultivate and support the move from knowledge to reflective and skilled application within communities of practice (e.g., with teaching staff and tutors, and within College);
- (3) Its *assessment* to evaluate the wise, creative and growing integration and deployment of knowledge and skills.

### Knowledge and Wisdom

The aim of this programme is to provide for students a carefully-sequenced learning experience in Biblical Studies, Ministry, Mission, Doctrine, History and Culture, that moves from foundational to integrated to applied knowledge; that treats knowledge not as a commodity to be mastered or consumed but as wisdom by which to be formed; and that approaches teaching and learning not in terms of data points or isolated disciplines but as an integrated theological and ministerial inheritance to pass on to students in a way that enables them wisely to adapt and apply it creatively in their own ministry calling and context. Therefore the programme aims for:

- (1) Its *curriculum* to be rigorously Biblical and theological, oriented toward ministry and mission, appropriately scaffolded, broad, deep, coherent and given to deep exemplification rather than surface survey, and to integration rather than fragmentation, in light of real-world ambiguities (e.g., understanding Trinitarian theology deeply enough to communicate it simply and contextually; creative and considered approaches to Word ministry);
- (2) Its *pedagogy* to emphasise a growing inheritance of Biblical and theological knowledge, a reflex for personal reflection and understanding, and an informed and growing sense of responsibility in holding and properly deploying that knowledge as stewards;
- (3) Its *assessment* to rigorously and deeply embed the curricular knowledge and wisdom and to support a growing ability to communicate and extend it beyond the point of assessment (e.g., Biblically-, historically-, contextually-informed responses to complex pastoral leadership and ministry scenarios).

## 11. Programme Outcomes\*

On completion of this programme the successful student will have knowledge and understanding of:

<p><b>12. Programme Structure (Levels, Modules, Credits and Progression Requirements)</b></p>
<p><b>12.1 Overall Structure of the Programme</b></p>
<p>This programme leads to the award of a Bachelor of Arts with Honours (BA (Hons)) in Theology. Students will be awarded a BA (Hons) once they have attained a Pass grade or better in modules worth at least 360 credits at Level 4+, including all of the compulsory modules. At least 100 of these 360 credits must be at Level 4, at least 100 must be at Level 5 and at least 120 must be at Level 6+. Where timetabling and successful completion of pre-requisites allow, the remaining 40 credits may be chosen from the selection of electives available at Levels 4 and 5 (in the CertHE Year), at Levels 4, 5 and 6 (in the DipHE Year) and at Levels 4, 5, 6 and 7 (in the BA Year). With respect to the BA Year, students may seek permission to take <u>one</u> Enhanced BA-Level Module (Level 7) from the selection available each year as a 'challenge module'; this will be <u>in lieu of</u> the equivalent module at BA Level (Level 6). Such modules carry a weighting of 30 credits (rather than 20) and will be available subject to timetabling constraints and the successful completion of relevant pre-requisites. The details of all of the modules that students need to take to follow the programme are laid out in the Levels &amp; Modules section below (12.2). A full list of the available modules for Levels 4, 5 and 6 is given in Appendix A.</p> <p>The first two years of the BA (Hons) are effectively the same as the DipHE Theology.</p> <p>The following table illustrates the number of credits required for the BA, at which level, and sets this in the context of the overall suite of undergraduate qualifications:</p>

Required	Level	CertHE	DipHE	BA (Hons)
Minimum number of passed credits required for the qualification	Level 4+	120	240	360
Minimum number of passed credits required for the qualification (including all required compulsory modules)	L4	100	100	100
	L5		100	100
	L6+			120
	L4, L5 or L6	20 at L4 or L5	40 at L4, L5 or L6	40 at L4, L5, L6 or L7*

\* A maximum of 30 credits is permitted at Level 7

The normal length of time a full time student will spend on the programme is three academic years of two semesters each. A full time load will normally comprise 120 credits a year, although a student may be allowed to vary this by up to +/- 20 credits a year by agreement with the College (see the table below).

The award may also be studied on a part time basis, normally at a rate of 60 credits per year, although again, a student may be allowed to vary this by up to +/- 20 credits a year by agreement with the College.

Mode of Study	Normal Credit Load (per year)	Credit Range Available (per year)
Full time mode	120	100-140 credits per academic year
Part time mode	60	40-80 credits per academic year

### Summer Intensives

The College aims to offer some of the elective modules through a rolling programme of Summer Intensives. During any 12-month period, an elective module may be offered *either* in intensive format *or* in standard format, but will not normally be offered in both. The Summer Intensives will normally take place in the first two weeks of July, after the Semester 2 Assessment Board.

Students may opt to study up to 20 credits of their total required credits for the year in the Summer Intensive period *preceding* the start of their next academic year, subject to timetabled offerings: i.e., each student's learning for an academic year will take place during Semester 1, Semester 2 and, optionally, the preceding Summer Intensive period. No student may access an intensive module as part of their programme *prior* to enrolment or *after* completion of their award: as such, Summer Intensives will not be available to new starter students but only to returning/continuing students.

The modules studied may be:

1. At the student's current level;
2. At the level(s) *below*; or
3. At the level *immediately above*.

Students may not take modules that are two Levels above. This is illustrated in the context of all

undergraduate years of study as follows:

#### FT Mode UG Students

Level	Year	Summer Intensives (20 cps max.)	Semester 1	Semester 2	Levels not permitted
4	1	Not available	100-140 cps at L4 or L5		Level 6 and Level 7
5	2	100-140 cps at L4, L5 or L6			Level 7
6	3	100-140 cps at L4, L5, L6 or L7*			None

\* Level 7 may be studied only by agreement with the College

#### PT Mode UG Students

Level	Year	Summer Intensives (20 cps max.)	Semester 1	Semester 2	Levels not permitted
4	1	Not available	40-80 cps at L4 or L5		Level 6 and Level 7
4	2	40-80 cps at L4 or L5			Level 6 and Level 7
5	3	40-80 cps at L4, L5 or L6			Level 7
5	4	40-80 cps at L4, L5 or L6			Level 7
6	5	40-80 cps at L4, L5, L6 or L7*			None
6	6	40-80 cps at L4, L5, L6 or L7*			None

\* Level 7 may be studied only by agreement with the College

#### Length of Registration

The normal and maximum lengths of registration shall be as outlined below. The maximum shall be twice the length of the normal period of registration:

Required	CertHE	DipHE	BA (Hons)
Normal length of registration (FT)	1 year	2 years	3 years
Normal length of registration (PT)	2 years	4 years	6 years
Maximum length of registration (FT)	2 years	4 years	6 years
Maximum length of registration (PT)	4 years	8 years	12 years

Students shall enrol for the normal period of registration rather than the maximum length durations, which are designed to allow for possible periods of interruption of study and/or re-assessment and/or deferred assessment. In the event that students may, by agreement, take longer than the normal period of registration, they shall continue to meet the requirements of the programme and the sequencing of modules inherent in pre-requisite rules and, for part time students, the part time pathways.

#### Classification

This award can be marked Fail or classified. Students are awarded a BA (Hons) once they have passed modules worth at least 360 credits at Level 4+ including all compulsory modules. Of these 360 credits:

- At least 120 credits must be at BA Level (Level 6) or higher;
- At least 100 credits must be at DipHE Level (Level 5);
- At least 100 credits must be at CertHE Level (Level 4); and
- A further 40 credits must be at Levels 4, 5, 6 or 7.

The final classification of the BA (Hons) degree will be based *only* on the grades achieved at Level 6 or higher and not on the grades achieved at Levels 4 or 5. The classification will be calculated on the basis of the grades achieved in *ALL* successfully passed modules at Level 6 or higher; as such, if a student chooses to take more than 120 credits at Level 6 or higher, then their final grade will include the results of *ALL* these modules (taking into account the individual credit weightings of each module).

- A student who achieves 10 to 12 as an overall average is awarded Third Class Honours.
- A student who achieves 7 to 9 as an overall average is awarded Second Class Honours, Lower Division (Lower Second Class Honours).
- A student who achieves 4 to 6 as an overall average is awarded Second Class Honours, Upper Division (Upper Second Class Honours).
- A student who achieves 1 to 3 as an overall average is awarded First Class Honours.

### Exit Points and Extension of Study

A student registered for the BA (Hons) may decide to leave College before the end of their programme. After one year (full time) or two years (part time), a student could leave and be awarded a CertHE in Theology as an exit qualification, provided that all of the programme requirements for a CertHE have been met (see the Programme Specification for that award); after two years (full time) or four years (part time), a student could leave and be awarded a DipHE Theology as an exit qualification, provided that all of the programme requirements for a DipHE have been met (again, see the Programme Specification for that award); credits gained beyond the DipHE may be used towards any future programme under the national Credit Accumulation & Transfer Scheme (CATS).

Students may decide to extend their studies, in order to gain a 'higher' award than the BA (Hons) before it is conferred. Students who wish to transfer onto an MTheol in Theology (an integrated undergraduate Master's award which builds on previous undergraduate study: see the diagram below) must apply to do so before the end of their second (DipHE) year; students who wish to apply for admission onto a PGCert, PGDip or an MA Theology (all of which are postgraduate awards) should do so before the end of their third (BA) year.

This is a frequent occurrence for the majority of Oak Hill students whose self-funding is normally confirmed only one year in advance.

### Auditing

In addition, students are permitted to audit individual modules (i.e. to study, but *not* for credit) alongside the compulsory and elective modules that they are studying for credit as part of their programme. The maximum permitted amounts for auditing shall be determined by the amount that students are studying for credit towards their programme in any given year as follows:

Audit taken during the Academic Year (i.e. Semesters 1 and 2 and Summer Intensives)		
Mode	Total Programme Credits	Maximum Audited Credits Permitted
Full-time	100 (min)	40*
	120 (norm)	20
	140 (max)	0
Part-time	40 (min)	40*
	60 (norm)	20
	80 (max)	0

\* Permissible only at the discretion of the College

## 12.2 Levels and Modules

Starting in academic year 2010/11 the University is changing the way it references modules to state the level of study in which these are delivered. This is to comply with the national Framework for Higher Education Qualifications. This implementation will be a gradual process whilst records are updated. Therefore the old coding is bracketed below.

### 15. Placement Opportunities, Requirements and Support

All students will take part in a Weekly Church Placement at Levels 4 and 5 of their programme (MP1.7 in their CertHE year(s) and MP2.7 in their DipHE year(s)), with the nature of the placements tailored to the training needs of the student: for example, whether they are an Independent or Anglican student or whether they are training for ordination in the Church of England. Assessment of each placement will be by means of a portfolio of reports and reflections on personal goals and learning.

Students may also participate in an optional Ministry/Mission Experience Placement (MP2.8), at an agreed point during their first or second year(s), as part of which they may observe, evaluate and/or participate in ministry activities under the supervision of a minister or other mission leader: as part of the placement, students will set individual goals, gauge their growth by reflecting critically on their experiences, and receive critical appraisal of their participation from the supervisor. For some students, this module may be compulsory rather than optional: this will be in cases where the module has been specified as part of an individual training pathway (for example by a Church of England Bishops' Advisory Panel or by a student's Diocese).

### 16. Future Careers (if applicable)

- All of the College's programmes are vocational; that is, they are intended to equip students with the necessary knowledge, skills, experience, attitudes and characteristics for Christian ministry of various types (for example church leadership, pastoral ministry, women's ministry, cross-cultural work, youth work, and so forth): these are set out in detail in the College's Graduate Profile.
- Personal tuition throughout the BA (Hons) provides support in all areas of the student learning experience. This includes ongoing guidance on the academic programme and on future career possibilities, as well as regular Personal Development Planning activity.
- Placements in local church settings allow students to 'network' with possible future employers, and with those who are involved in the relevant work field.

### 17. Particular Support for Learning (if applicable)

- Extensive theological library with 24-hour access to 56,000 items;
- 24-hour access to IT resources: email, internet access/WiFi, and the College's Virtual Learning

Environment (VLE);

- Personal tuition;
- Provision for students with special needs (e.g. English not first language, specific learning difficulties or disabilities): see the *Regulations & Procedures Handbook* for details;
- Induction to College and academic life in 'Welcome Week' of Year 1;
- A programme of Study Skills sessions throughout the academic year, accompanied where possible by one-to-one drop-in support arranged by the Director of Learning, Teaching & Assessment;
- Personal Development Planning activities as part of personal tutorials.

Such modules carry a weighting of 30 credits each, and will be available subject to timetabling constraints and the successful completion of relevant pre-requisites.

## **Appendix B1: Progressive Marking Scheme for Written Coursework and Examinations at Levels 4-5**

### **The structure of the mark scheme:**

- The criteria within each classification band are given under the following categories which are taken to represent the ten key criteria for assessing a piece of written work at these levels: organisation; method; relevance; coverage of data; coverage of concepts; coverage of views; argumentation; independent judgement; writing style; presentation and apparatus.
- The criteria develop in differing ways between the levels. Some of the criteria simply shift one to the left so that what is expected for a 2:1 at Level 4 is expected for a 2:2 at Level 5 (e.g. the coverage criteria). This is the case for criteria where real and clear progress is expected between each level.
- With some of the criteria slower progression is expected between some levels, e.g. on independent judgement, so that the descriptions move more gradually. This is the case for the more demanding criteria.
- Some of the criteria reach a peak and level off, e.g. already by Level 5 very few mistakes are expected in presentation and apparatus and this expectation does not subsequently rise to an impossible standard of flawlessness.

### **The use of the mark scheme:**

- This scheme will be used in marking both written coursework and written examinations in all 1.x and 2.x modules, except modules or part-modules which consist of language work. Obviously not all of the criteria will be applicable to both the coursework and examination elements of assessment. Apparatus, for example, is not assessed in examinations.
- The mark scheme is to serve as an agreed guide for markers, and will be applied at the discretion of markers in the light of judgements made about suitable expectations for a particular piece of work. In some coursework, for example, there may be much less taught material or reading available than in others, and the scheme is intended to allow markers the flexibility to recognize such differing expectations. It is intended to guide marking, not to hold it to ransom. In particular, a marker will exercise his/her discretion in determining the weighting between the criteria evident in a particular piece of work for determining the final mark.

### **Use of grade point N (Levels 4 and 5):**

- This marks scheme does not include reference to grade point N, because this is the mark given where work is not submitted.

## Appendix B3: Marking Scheme for Assignments at Levels 4-5 (Pass/Fail Only)

### The structure and use of the mark scheme:

This scheme will be used in marking particular assignments where it is felt that the piece of work concerned can only realistically be graded as Pass or Fail (with a Fail grade being applied for a token or non-submission): an example would be a sermon preached to a regular congregation in a genuine local church context. Students will be told in advance to which pieces of assessment this particular scheme will be applied within a given module. Please note that, unless an extension has been agreed by the Academic Vice Principal, any such assignment which is *not* submitted by the set deadline will be graded as 'N' for Token or Non-Submission.

#### CRITERIA FOR LEVELS 4 and 5 (BD1.x, DH2.x &c.)

<b>P</b>	<b>Pass</b>	Satisfactory Submission
<b>N</b>	<b>Fail</b>	Non-Submission

## Appendix B4: Progressive Marking Scheme for Written Coursework and Examinations at Level 7

### The Structure of the Mark Scheme:

- The scheme covers different aspects of a piece of work, from reading and research, through argumentation to presentational standards. Key criteria include: organisation; method; relevance; coverage of data; coverage of concepts; coverage of views; argumentation; independent judgement; writing style; presentation and apparatus.

### The Use of the Mark Scheme:

- This scheme will be used in marking both written coursework and written examinations in all 5.x and 6.x modules, except for dissertations and for modules or part-modules which consist of language work. For dissertations it is used in conjunction with the dissertation mark sheet. Obviously not all of the criteria will be applicable to both the coursework and examination elements of assessment. Apparatus, for example, is not assessed in examinations.
- The mark scheme is to serve as an agreed guide for markers, and will be applied at the discretion of markers in the light of judgements made about suitable expectations for a particular piece of work. In some coursework, for example, there may be much less taught material or reading available than in others, and the scheme is intended to allow markers the flexibility to recognize such differing expectations. It is intended to guide marking, not to hold it to ransom. In particular, a marker will exercise his/her discretion in determining the weight between the criteria evident in a particular piece of work for determining the final mark.
- The criteria will be used cumulatively, so that a Level 7 piece of work will be required to meet the relevant positive criteria for work done at Levels 6.

### Use of Grade Point 15:

- This mark scheme does not include reference to grade point 15, because this is the mark given where work is not submitted.

<b>1-3 – Excellent</b> Work submitted is excellent, demonstrating high levels of competence across a range of criteria and leaving very little or no room for improvement	<b>4-6 – Very Good</b> Work submitted is very good but lacks characteristics of excellent work or across a range of criteria still leaves room for improvement	<b>7-9 – Good</b> Work submitted is good but there is significant room for improvement across a range of criteria	<b>10-12 – Satisfactory</b> Work submitted is acceptable (it attains threshold standard) but it is either seriously defective in one or two respects or minimally acceptable across a range of criteria	<b>13-14 – Fail</b> Work is submitted but is characterised by unacceptably low standards.
