1. Programme Title	Master in Theology in Theology
2. Awarding Institution	Middlesex University
3. Teaching Institution	Oak Hill Theological College
4. Details of Accreditation by Professional/Statutory/Regulatory Body	N/a
5. Final Qualification	Master in Theology (MTheol): integrated undergraduate Master's degree
6. Year of Validation	2015-16
Year of Amendment	Last updated: 14 October 2019
7. Language of Study	English
8. Mode of Study	Full-time

9. Criteria for Admission to the Programme

The MTheol is a four-year full-time integrated undergraduate Master's degree. Entrance requirements for those entering into Year 1 of the programme are the same as for the CertHE and FdA/DipHE Theology (specialising in Theological & Pastoral Studies or in Theology for Crossing Cultures as appropriate): please see the individual Programme Specifications for details.

To progress to the third year of the MTheol, students must obtain an average of a 2.1 (B+ on the FdA/DipHE scale) in the first two years of study. Permission to progress to the third year of the MTheol will take place during the third term of the second year, and will involve consultation with the Admissions Office, the College Director, the Director of Postgraduate Studies and (where appropriate) the Director of Theology for Crossing Cultures. To continue on to the fourth year of the MTheol, students will need to obtain an average grade of 8 or better for their third-year taught modules and a grade of at least 8 for their third-year short dissertation.

Direct entry is permitted into the third year of the MTheol programme. Applicants will normally be required to have a 2.1 in the equivalent of a DipHE, FdA or BA (Hons) in Theology. Students wishing to take certain modules in Biblical Studies as part of their programme must demonstrate a proficiency in Greek or Hebrew at least to the standard of the pre-requisites identified for the relevant Oak Hill modules (as noted on the Module Narratives). Students specialising in Theology for Crossing Cultures should be able to

provide evidence of cross-cultural studies or comparable practical experience, and should also have

completed an overseas placement.

English Language Requirements

Applicants must also satisfy the College that they have a sufficient command of spoken and written English to meet the demands of the programme. An applicant whose first language is not English will be expected to reach, at the point of application to Oak Hill College, a suitable minimum level of English language. We therefore require all applicants whose first language is not English to take an Academic IELTS test and achieve an overall score of 7.0 or above, with no less than 6.5 in each component.

If an applicant has taken a different English language test, the following are acceptable equivalent alternatives:

Test	Level required
Cambridge Certificate in Advanced English (CAE)/C1 Advanced	Overall score of 185 or above, with at least 176 in each component
Cambridge Certificate of Proficiency in English (CPE)/C2 Proficiency	Overall score of 200 or above, with at least 176 in each component
Pearson Test of English Academic (PTE Academic)	Overall score of 67 or above, with at least 61 in each component
Test of English as a Foreign Language (TOEFL) internet-based test (IBT)	Overall score of 95 or above, with at least 21 in listening, 22 in speaking and writing, and 23 in reading

Applicants must meet the English Language requirement at the time of submitting their application to Oak Hill and should have been awarded the relevant test result within the two years prior to the start of the programme that they are applying for.

An applicant whose first language is not English will be considered to have satisfied the requirement if they meet all of the following criteria:

1. They have successfully completed a qualification equivalent to a UK Bachelor's degree or higher taught and assessed in English in a majority English-speaking country.¹ Qualifications obtained by distance learning cannot be accepted for English language purposes.
2. If the degree was completed more than two years prior to applying to study at Oak Hill, the applicant must provide evidence at application stage of ongoing use of English. This could take the form of living in a majority English-speaking country¹ or working in an occupation that requires regular use of English.
3. Throughout the application process, from application form to interview, the applicant must demonstrate English proficiency in listening, speaking, reading and writing.

¹ Majority English-speaking countries are defined by the British government as follows: Antigua and Barbuda, Australia, the Bahamas, Barbados, Belize, Canada, Dominica, Grenada, Guyana, Ireland, Jamaica, New Zealand, St Kitts and Nevis, St Lucia, St Vincent and the Grenadines, Trinidad and Tobago, United Kingdom and USA

10. Aims of the Programme

The programme aims to:

- Enable students to focus in appropriate depth on particular aspects of biblical, theological, pastoral and/or cross-cultural studies in which they have a prior interest; or enable students to explore new areas within the discipline, building on their prior knowledge and experience;
- Provide opportunity for students to reflect upon and integrate their prior theological studies and their experience of Christian ministry in the process of engaging critically with new learnings and to model this in the way in which teaching and learning are provided;
- Provide students with a rounded, four-year theological programme, covering a full range of biblical, theological, pastoral and cross-cultural studies up to postgraduate level, which are at, or informed by, the forefront of those fields of study;
- Strengthen and sharpen students' intellectual and practical skills and develop in them the graces of the Christian theologian in order that they should be more effective in Christian ministry;
- Develop students as lifelong theological learners and equip them to harness and apply the fruits of such theological study in their diverse ministries;
- Provide an opportunity for sustained reflection on and engagement with a theological or ministerial topic through a research-based dissertation (or a shorter dissertation and project); for students specialising in Theology for Crossing Cultures, this (these) will have a particular mission emphasis;
- Enable students to understand something of the demands and opportunities of theological research and equip them to begin such research if they would so choose.

11. Programme Outcomes

A. Knowledge and Understanding

On completion of this programme the successful student will have:

- A1** An advanced and thorough understanding of parts of Scripture, their relation to the whole, and how to interpret them
- A2** A systematic and advanced understanding of selected doctrines of the Christian faith, and/or periods of church history and historical theology, and their significance for the contemporary church, both locally and globally
- A3** An advanced understanding of how the Christian faith engages with various contemporary ethical and pastoral issues
- A4** An advanced understanding of the interconnectedness of the various elements within the study of biblical studies and theology
- A5** A thorough understanding of the methodological, philosophical and hermeneutical models and assumptions used in the study of theology

Teaching/Learning Methods

Students gain knowledge and understanding through:

- Lectures: giving overall perspective; exemplary discussions of a topic; models for considering and assessing different views of a subject; and explanations of complicated material;
- Accompanying handouts;
- Interaction in the form of questions, discussion, dialogue and argument;
- Guided independent reading, some of which is discussed in class;
- Student-led seminars with questions and discussion;
- Dissertation/project supervisions;
- Practical exercises and simulations;
- Problem analysis, case studies and role play;
- Translation and exegetical exercises in class;
- Appropriate use of technology such as language software, keeping a blog etc.;
- Discussion of primary and secondary texts;
- Fieldwork and study trips;
- Organising an event and reflecting on it;
- Individual written (and at times oral) feedback on

<p>A6 <i>For TCC specialists:</i> An advanced understanding of the <i>Missio Dei</i> biblically, historically, theologically and in current practice throughout the world</p> <p>A7 <i>For TCC specialists:</i> An understanding of other faiths from the perspective of an evangelical Christian theology</p>	<p>written work;</p> <ul style="list-style-type: none"> • The formative dimension of assessment. <p>Assessment Method Students' knowledge and understanding are assessed by a combination of unseen written exams; assessed coursework in the form of essays, assignments, student-led seminars/ presentations, and book reviews; exegesis; language tests/translation; fieldwork reports; group work; and applied research projects and dissertations.</p>
<p>B. Cognitive (Thinking) Skills On completion of this programme the successful student will be able to:</p> <p>B1 Demonstrate a practical understanding of how established techniques of research and enquiry are used to create and interpret knowledge within the discipline, along with an ability to choose the most appropriate techniques for any given task</p> <p>B2 Critically and reflectively evaluate advanced scholarship in the theological disciplines, applying a variety of critical methods, assessing views and theories and, where appropriate, proposing alternatives</p> <p>B3 Evaluate methodologies employed in the theological disciplines and develop appropriate critiques of them</p> <p>B4 Construct and articulate an integrative, coherent, well-informed, critically-engaged and sustained argument and develop original application of the knowledge and understanding it contains</p> <p>B5 Appreciate and be able to deal systematically and creatively with complex issues and make sound judgements, sometimes in the absence of complete data</p> <p>B6 Engage and interact at a high level with the material/subjects studied, demonstrating an ability to reflect critically on their own particular standpoint and to understand the methodological and hermeneutical issues involved</p> <p>B7 Demonstrate competence in postgraduate research skills through a substantial dissertation (or a short dissertation and a short project). <i>For TCC specialists</i>, this (these) should have an appropriate mission emphasis</p>	<p>Teaching/Learning Methods Students learn cognitive skills through the teaching and learning methods outlined above. Each module, whatever the format of the teaching, involves discussion of key issues in order to develop the intellectual skills described.</p> <p>Additional methods of particular importance in the development of these intellectual skills are the deliberate modelling of these skills in lectures and classes; the individual feedback given on class contributions and assessed work; provision of special sessions on research skills and methodologies; and individual dissertation/project supervisions. Moreover, a number of the teaching and learning methods mentioned above are employed with the intention that they should especially contribute to the development of these skills. These include guided independent reading; student-led seminars/presentations with questions and discussion; practical exercises/simulations; problem analysis; class reading and discussion of primary and secondary texts; language work/ translation; and role play.</p> <p>Assessment Method The various assessment methods employed (see 'Knowledge and Understanding' – Assessment) all place great emphasis, as shown in the assessment criteria, on the learner's ability to demonstrate these skills. Both written pieces (e.g. essays, written examinations, dissertations) and oral presentations (e.g. student-led seminars, group activities) provide a vehicle for the demonstration of these skills.</p>

<p>C. Practical Skills On completion of the programme the successful student will be able to:</p> <p>C1 Articulate systematic and creative responses to typical issues arising in Christian theology and ministry, whether nationally, internationally or cross-culturally</p> <p>C2 Communicate those responses clearly to specialist and non-specialist audiences, using an appropriate range of media</p> <p>C3 Take responsibility for their own independent learning, and be able and willing to learn new skills as part of a commitment to lifelong learning</p> <p>C4 Understand any ethical issues raised by their research and comply with relevant codes of practice</p> <p>C5 Demonstrate self-direction, initiative, independence and originality in planning and implementing a substantial dissertation (or a short dissertation and a short project). <i>For TCC specialists</i>, the work should have an appropriate mission emphasis</p>	<p>Teaching/Learning Methods Students learn practical skills across the teaching programme. With regard to project work, students receive research skills training, along with training on the principles of ethical research, and one-on-one tutorial supervision.</p> <p>Growing originality in the application of knowledge is modelled by Faculty, forms a key dimension in class discussions and debates, is cultivated in simulations, practical exercises and problem analysis, and constitutes a major component of the formative objectives of assessment.</p> <p>Assessment Method Students' practical skills are assessed by essay, exam, student-led seminars, group activities, and in particular by assessed applied research dissertations and projects. Where relevant, their grasp of the ethical dimension of research is assessed through an ethical clearance procedure.</p>

<p>12. Programme Structure (Levels, Modules, Credits and Progression Requirements)</p>
<p>12.1 Overall Structure of the Programme</p>
<p>The MTheol is a four-year full-time integrated undergraduate Master's degree of 480 credits, building from a broad foundation of theological, pastoral and cross-cultural studies in the first three years to an area of in-depth specialisation of the student's choice in the fourth year. The normal length of time a student spends on the programme is four academic years of three terms each. If desired, the first two years of the programme <i>may</i> be taken part-time, but the third and fourth years may <i>only</i> be taken full-time. The maximum period of registration for a full-time student will be eight years, while the maximum period of registration for a part-time student will be twelve years.</p> <p>The first two years of the programme are in effect the DipHE/FdA Theology (the latter normally specialising in Theological & Pastoral Studies or in Theology for Crossing Cultures as appropriate) and aim to cover in outline the principal areas of theological, pastoral and cross-cultural studies. Study is introductory in the first year, and then progresses to a more sophisticated analytical level in the second year.</p> <p>The latter two years (third and fourth) bring the student to degree level and then on to Master's level study. The third year builds on work in the first two years and involves high-level learning and a greater degree of specialisation. In-depth engagement with a topic and sustained reflective writing are required by means of the compulsory short dissertation, which for students specialising in TCC will have an appropriate mission emphasis. In the fourth year, the student will study a selection of Master's-level modules and can specialise to a greater depth. The fourth year dissertation package brings the student to a mature engagement with issues which have relevance for his or her own ministry, and requires independence in pursuing relevant lines of enquiry; again, for students specialising in TCC, this will have</p>

an appropriate mission emphasis.

Across the third and fourth years, students will participate in the postgraduate research seminars, which will expose them to a broad range of ideas and help inculcate critical thinking skills.

Where approved by their diocese, there is provision for Anglican Ordinands to study on the MTheol (specialising in Theological & Pastoral Studies). Ordinands entering directly into the third year of the programme will need to complete a suite of placements along with a selection of modules at Levels 4 and 5 to provide specific Anglican training (as approved by the Church of England); Ordinands entering into Year 1 will complete these requirements in Years 1 and 2 of their programme as normal. Further details are available from the Admissions Office.

12.2 Levels and Modules

Starting in academic year 2010/11 the University is changing the way it references modules to state the level of study in which these are delivered. This is to comply with the national Framework for Higher Education Qualifications. This implementation will be a gradual process whilst records are updated. Therefore the old coding is bracketed below.

Levels 4 (1) and 5 (2)

Please see the programme structure details for the DipHE/FdA Theology (the latter normally specialising in Theological & Pastoral Studies or Theology for Crossing Cultures as appropriate).

Students must obtain an average of a 2.1 (B+ on the DipHE/FdA scale) in the first two years of study in order to progress onto the third year of the MTheol programme. A lower average might allow them to continue with a BA (Hons) instead (see the Programme Specification for the BA (Hons) Theology).

Level 6 (3)

In Autumn 2019, the College re-validated its BA (Hons) Theology and made a number of structural changes to the BA Year (Level 6). Both the constituent modules for the original BA Year AND the constituent modules for the newly re-validated BA Year satisfactorily meet the Programme Learning Outcomes for Year 3 of the MTheol Theology (as set out in Section 11): as such, both BA Years provide an appropriate progression route into Level 7. The requirements for both years are set out below and the curriculum map for this award includes both routes at Level 6.

12.3 Non-Compensatable Modules (note statement in 12.2 regarding FHEQ levels)

All modules for the MTheol are non-compensatable.

13. Curriculum Map

See attached.

14. Information about Assessment Regulations

See the current Programmes Handbook, the Regulations & Procedures Handbook, the latest edition of the Guidelines Booklet and the 'Progression Requirements' noted above.

15. Placement Opportunities, Requirements and Support (if applicable)

TPS Specialists: Church of England Ordinands registered on the MTheol will normally complete a series of placements as part of their studies at Level 4 and Level 5. Ordinands who are granted direct entry into the programme in the third year will need to complete these placements during their third and fourth years, along with a selection of modules at Levels 4 and 5 which will provide specific Anglican training (as approved by the Church of England).

TCC Specialists: Students will complete weekly church placements as part of their studies at Level 4 and

Level 5; each placement will normally be located in a church from a culture different to the student's own. Before the start of the second year, and again before the start of the third year, each student will participate in an overseas placement of one month's duration. The latter will form the basis of module PM4.8 (BA Hons 2014-20) or DM4.2 (BA Hons 2020 ff) (please see the Module Narratives for details) and is a distinctive element of the MTheol Theology specialising in Theology for Crossing Cultures. Students who enter directly into the third year will not be required to complete the weekly church placements; however, they must have completed a month-long overseas placement prior to the commencement of their programme (to form the basis of the compulsory module PM4.8/DM4.2).

16. Future Careers (if applicable)

Christian ministry of various kinds (pastoral ministry, missions, counselling, youth work etc.) or progression towards academic teaching and research; to assist with the identification of future careers and/or continuing professional development, all postgraduates will take part in regular Personal Development Planning with their Personal Tutor or other appointed member of Faculty. TCC specialists may also discuss their future career with the Director of Theology for Crossing Cultures.

17. Particular Support for Learning (if applicable)

- Extensive theological library (24-hour access to over 55,000 volumes) and online access to journals and e-books
- IT resources: email, virtual learning environment, CD-Rom resources, Internet, off-site access to EBSCO database and other journal suppliers
- Monthly postgraduate research seminars
- Tuition sessions on postgraduate research skills
- One-to-one research dissertation/project supervisions
- Special provision for students with specific learning difficulties or whose first language is not English: see Student Programme Handbook for details
- Induction to College and academic life in 'Opening Week': to include postgraduate habits and skills, research methods and aspects of research ethics

18. JACS Code (or other relevant coding system)

V600 Theology & Religious Studies (JACS 3.0)

19. Relevant QAA Subject Benchmark Group(s)

Theology & Religious Studies

21. Other Information

The MTheol Theology may be classified as Pass, Merit or Distinction:

- A student will be awarded a Pass on an MTheol Theology once they have attained certain grades (see below) or better in modules and dissertations worth 480 credits:
 - In the first two years, the pass grade is C, but the student must attain an overall average of B+ or better, over modules worth 240 credits, to be allowed to progress to the third year.
 - In the third year, the pass grade is 12 (on the undergraduate scale); however, to continue on into the fourth year, the student must attain an average of at least 8 on the undergraduate 15-point scale for their taught modules, plus a grade of 8 or better for their short dissertation.
 - In the fourth year, the pass grade is 12 on the postgraduate 15-point grading scale.
- A student may be awarded a Pass with Merit on an MTheol Theology once they have attained all of the above, **and**, in the third and fourth years, have attained a rounded average of 6.5 or better in the taught modules and dissertation(s), and grade(s) of 6 or better for the fourth year dissertation package (60 credits total);
- A student may be awarded a Pass with Distinction on an MTheol Theology once they have attained all of the above, **and**, in the third and fourth years, have attained a rounded average grade of 3.5 or better in the taught modules and dissertation(s), and grade(s) of 3 or better for the fourth year dissertation package (60 credits total).

Students registered for the MTheol Theology whose circumstances (e.g., personal, financial) change during their course may decide to leave College before the end of the fourth year.

After one year, given the appropriate range of modules studied and credit total, a student could exit and be awarded a CertHE Theology. After two years, a student with the appropriate modules and credit total could be awarded the FdA/DipHE Theology. In both cases, the student would not technically have registered as yet for the MTheol: this takes place upon progression to the third year.

MTheol students who proceed to the third year having completed the Oak Hill FdA/DipHE, or who are admitted directly into the third year with a DipHE/FdA equivalent, may exit at the end of the third year and be awarded a BA (Hons) Theology, on the basis of 360 accumulated credits (in such cases, the normal BA (Hons) pass mark of 12 or better applies to each module and to the short dissertation rather than the (average) grade of 8 required to advance to the MTheol fourth year).

However, a 'third year Direct Entry' student who is admitted to the MTheol with a BA (Hons) or equivalent does not have this option of exiting with an Oak Hill BA (Hons) Theology. In this case, any credits gained in the third year may be used towards future courses under the national Credit Accumulation & Transfer Scheme (CATS).

Please Note: Programme Specifications provide a concise summary of the main features of the programme and the learning outcomes that a typical student might reasonably be expected to achieve if s/he takes full advantage of the learning opportunities that are provided. More detailed information about the programme can be found in the rest of your Programme Handbook and the University Regulations.

Appendix A: List of Modules for the MTheol by Subject Area and Level

Listed below are all of the Level 6 (codes 3.x, 4.x) and 7 modules (codes 5.x, 6.x) which comprise the third and fourth years of the MTheol programme respectively. There are four main subject areas for Level 6 and Level 7 modules, along with hybrid codes for modules which encompass two or more subject areas. These latter modules may count in *either* area but *not both*.² *Please note that the availability of elective modules may vary year upon year, and students should check precise module offerings with the Academic Registrar.*

BA (Hons): 2014- 2020	BA (Hons): 2020 onwards
Modules coded 3.x and 4.x are worth 20 credits each; modules coded 5.x and 6.x are worth 30 credits each (except for RP6.4 which is worth 60 credits).	Modules coded 4.x are worth 10 or 20 credits each; modules coded 5.x and 6.x are worth 30 credits each (except for RP6.4 which is worth 60 credits).

Appendix B1: Progressive Marking Scheme for Written Coursework and Examinations at Levels 4-6

The structure of the mark scheme:

- The criteria within each classification band are given under the following categories which are taken to represent the ten key criteria for assessing a piece of written work at these levels: organisation; method; relevance; coverage of data; coverage of concepts; coverage of views; argumentation; independent judgement; writing style; presentation and apparatus.
- The criteria develop in differing ways between the levels. Some of the criteria simply shift one to the left so that what is expected for a 2:1 at Level 4 is expected for a 2:2 at Level 5 (e.g. the coverage criteria). This is the case for criteria where real and clear progress is expected between each level.
- With some of the criteria slower progression is expected between some levels, e.g. on independent judgement, so that the descriptions move more gradually. This is the case for the more demanding criteria.
- Some of the criteria reach a peak and level off, e.g. already by Level 5 very few mistakes are expected in presentation and apparatus and this expectation does not subsequently rise to an impossible standard of flawlessness.

The use of the mark scheme:

- This scheme will be used in marking both written coursework and written examinations in all 1.x, 2.x, 3.x and 4.x modules, except modules or part-modules which consist of language work. For dissertations it is used in conjunction with the dissertation mark sheet. Obviously not all of the criteria will be applicable to both the coursework and examination elements of assessment. Apparatus, for example, is not assessed in examinations.
- The mark scheme is to serve as an agreed guide for markers, and will be applied at the discretion of markers in the light of judgements made about suitable expectations for a particular piece of work. In some coursework, for example, there may be much less taught material or reading available than in others, and the scheme is intended to allow markers the flexibility to recognize such differing expectations. It is intended to guide marking, not to hold it to ransom. In particular, a marker will exercise his/her discretion in determining the weighting between the criteria evident in a particular piece of work for determining the final mark.

Use of grade point N (Levels 4, 5 and 6) or 15 (Level 6):

- This marks scheme does not include reference to grade point N or 15, because these are the marks given where work is not submitted.

Appendix B3: Marking Scheme for Assignments at Levels 4-6 (Pass/Fail Only)

The structure and use of the mark scheme:

This scheme will be used in marking particular assignments where it is felt that the piece of work concerned can only realistically be graded as Pass or Fail (with a Fail grade being applied for a token or non-submission): an example would be a sermon preached to a regular congregation in a genuine local church context. Students will be told in advance to which pieces of assessment this particular scheme will be applied within a given module. Please note that, unless an extension has been agreed by the Academic Vice Principal, any such assignment which is *not* submitted by the set deadline will be graded as 'N' for Token or Non-Submission.

CRITERIA FOR LEVELS 4, 5 and 6 (BD1.x, DH2.x, HB3.x, BS4.x, &c.)		
P	Pass	Satisfactory Submission
N	Fail	Non-Submission

Appendix B4: Progressive Marking Scheme for Written Coursework and Examinations at Level 7

The structure of the mark scheme:

The scheme covers different aspects of a piece of work, from reading and research, through argumentation to presentational standards. Key criteria include: organisation; method; relevance; coverage of data; coverage of concepts; coverage of views; argumentation; independent judgement; writing style; presentation and apparatus.

The use of the mark scheme:

- This scheme will be used in marking both written coursework and written examinations in all 5.x and 6.x modules, except for dissertations and for modules or part-modules which consist of language work. For dissertations it is used in conjunction with the dissertation mark sheet. Obviously not all of the criteria will be applicable to both the coursework and examination elements of assessment. Apparatus, for example, is not assessed in examinations.
- The mark scheme is to serve as an agreed guide for markers, and will be applied at the discretion of markers in the light of judgements made about suitable expectations for a particular piece of work. In some coursework, for example, there may be much less taught material or reading available than in others, and the scheme is intended to allow markers the flexibility to recognize such differing expectations. It is intended to guide marking, not to hold it to ransom. In particular, a marker will exercise his/her discretion in determining the weight between the criteria evident in a particular piece of work for determining the final mark.
- The criteria will be used cumulatively, so that a Level 7 piece of work will be required to meet the relevant positive criteria for work done at Levels 4, 5 and 6.
